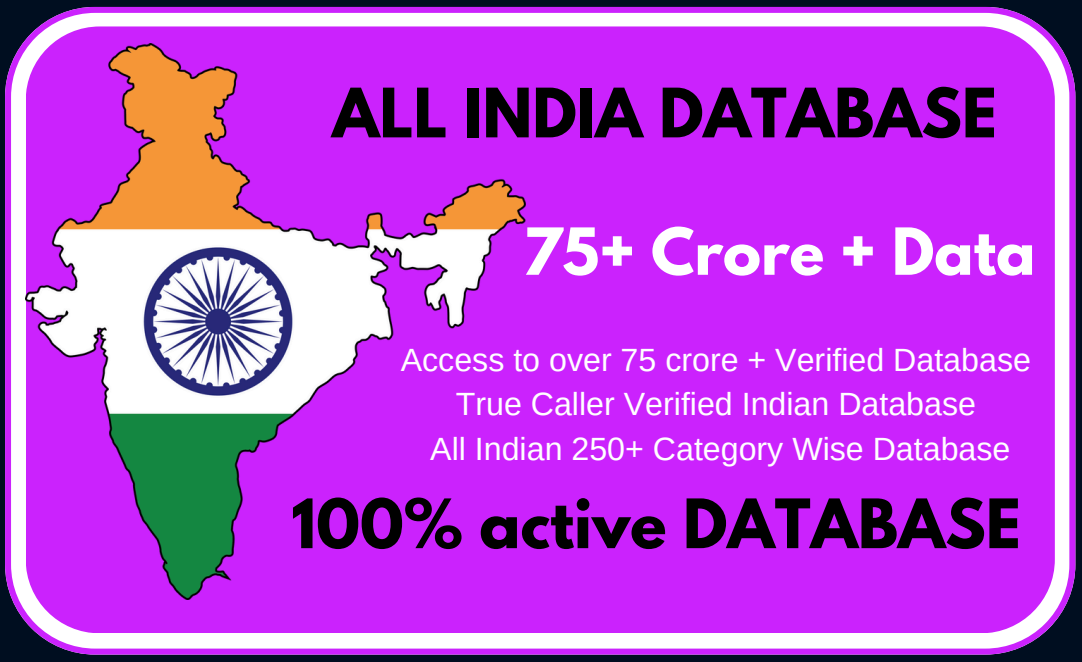
Earn ₹50,000 to ₹2,00,000 Every Month

with BUNDLEE SOFTWARE RESELL Panel

METHOD 1



"This active contact database costs ₹6,000, but I'm giving it to you for FREE. I want all our resellers to earn money."

Data Includes

Name/Number/Email: Direct contact details

PIN Code/Address: Location specifics

Income Category: Target by financial demographics

WhatsApp - 7904668779

"Now, I'll explain exactly how you can earn 50,000 to 2 Lakh using this 75+ cr database."

Now we are taking only 60,000 contacts
from 75+cr Database
that is 0.008%

STEP 1 : Open our AI whatsapp CRM (AI NEW CRM)

STEP 2 : Daily send Messages to 2000 people from the 60,000 contact

It will take only 15 min to set and send messages to 2000 people. A detailed tutorial of WhatsApp CRM will be provided after purchase

STEP 3 : 2000 Messages (people) for 30 days is = 60,000

STEP 4 : In 60,000 persons you will get 5-10 % of sales

That is 3000 - 6000 sales

This is Monthly Earning Calculation

For eg :

Your Product cost is **RS - 199** : 199 x 3000 = **RS - 5,97,000** (Profit)

Your Product cost is **RS - 299** : 299 x 3000 = **RS - 8,97,000** (Profit)

Your Product cost is **RS - 599** : 599 x 3000 = **RS - 1,797,000** (Profit)

"Now, let's assume that we get the least amount of sales. just 1% from 60,000 Contact ."

That is 600 sales

Your Product cost is RS - 199 : 199 x 600 = RS - 119,000

"Now, let's assume that we get the least least amount of sales. just 0.4 % from 60,000 Contact ."

That is 240 sales

Your Product cost is RS - 199 : 199 x 240 = RS - 47,760

You can able to earn mimimum 50,000 at the least and least amount of sales .

If you send more promotional messages to more contacts, you will get more sales.

You Can Earn Minimum 50,000 To 2 Lakhs Every Month with One Time Invesment of just RS - 1999 /- With This Powerful Method
